# SEBO K3 PREMIUM BARREL

11 years in a row!

## Powerful reliable performance, making light work of housework

Made in Germany - The compact **SEBO K3 Premium** barrel vacuum cleaner features a commercial grade deep cleaning power brush which optimises performance by ensuring that the brush is at the correct cleaning height. Intelligent design shows in every aspect of SEBO models: efficient air flow, large wheels and anti-allergy design with Sensitive Choice Approval.

Quiet Operation

Tool Free Brush Access

Patented Soft Airbelt Bumper

Finger Tip Speed Control

Anti-Allergy Design

Hygienic Debris Disposal

PERFORMANCE YOU CAN RELY ON

Made in Germany

**Swivel Neck**

Allows power brush to maneuver easily and smoothly around obstacles and in tight spaces.

**Brush On / Off**

Simple push of a button the head converts to straight suction only.

**Indicator Lights**

Blockage warning light with auto-shutdown safety features.

**4-Level Brush Height Adjustment**

Allows the full force of the power brush to give a spectacular cleaning experience on varying flooring heights.

**Rubber Bumper and Coated Wheels**

Ensures that none of your valuable furniture or floors are damaged.

**Optional UHS Polishing Attachment (9434AU)**

Maintain high gloss smooth hard floors without using water or chemicals. The high speed rotation of the pad and suction from the vacuum result in a polished and hygienically clean floor.

**Multiple Hard Floor Surfaces:**

Suitable for Marble, Terrazzo, Wood, Polished Concrete, Lino, Laminate, Vinyl and some tiles leaving no streaks.

**SEBO Parquetry (7200dg)**

Perfect for vacuuming soft wood floors. As standard.

**High Performance Filtration**

Electrostatic filtration uses statically charged micro-fibres that attract dust particles from the air stream, these then bond onto the fibres.

This enables the filter material to have a relatively open texture which allows a very good air flow for better suction performance, yet it also gives highly effective filtration.

**Optional Accessories** available such as Air Fresheners (0496-1), Stair and Fabric Turbo Tool (6179ER) and Duo-P Spot Clean Box (0478).

- Technical details:
- Suction Motor 1900W
  - Filter Bag 3.0L Ultra
  - Body Weight 5.5 kg
  - Brush Motor 175W
  - Cleaning Range 10.8m
  - Filtration S-CLASS
