

SEBO AUTOMATIC XP - THINKS FOR YOU

The SEBO AUTOMATIC XP is a real all-rounder. Its brush is automatically set for the optimum floor setting, from hard floors to high-pile carpeted floors. The hose with integrated wand is immediately ready for cleaning in hard to reach areas. Service friendly design makes maintenance of the machine very easy. The SEBO AUTOMATIC XP comes in three working widths for small, medium or large areas. It is the perfect choice for customers with allergies and asthma as it is equipped with an S-Class filtration. Many well known flooring manufacturers recommend it for the daily cleaning of carpeted floors.
